MASME

MESA Academy for Science and Mathematics Educators

San Jose, California

MESA teachers will explore innovation in science, technology, engineering, mathematics (STEM) curricula and inquiry-based instruction. Interactive workshops, exhibits and demonstrations are presented by math/science professionals, educators, and industry leaders to promote cutting edge ideas and strategies for the classroom.

WORKSHOP STRANDS (sample workshop topics)

- M**athematics Using Math to Problem Solve
- E**ngineering Jet Propulsion Lab Design Challenge; Inventing for Life
- S**cience Bringing the Exploratorium to the Classroom
- A**chievement Successfully Navigating University California and California State University Admissions Process

ON-LINE REGISTRATION BEGINS IN APRIL 2012!
